Before Recorder Goff passed sentence of death on Roland B. Molineux to-day the convicted prisoner addressed the court. His speech verbation follows. It was stenographically reported for The Evening World:

Of the crime with which I have been charged. and the other crime referred to, I am absolutely and entirely innocent. I only refer to it as the District-Attorney has done.

All the evidence produced here as to facts which have occurred do not point in the direction of guilt on my part. I refer especially to the evidence of Miss Emma Miller, the person who sold the bottle-holder. She did not sell it to me. Also the evidence of Mr. Koch respecting the letter-box thired in the name of H. Cornish. It was not hired by me.

Also to the evidence given by Mr. Kutnow re-JACOPEDAL, Fol. 16 -1 have count resson to billow the Magers! Specting sample boxes sent around the country by to trenche have been abandered and that the Boarn are endeavoring his company, none of which came to me. Nor did one I possess at any time any of the instruments which appear to have been used in this crime. I never had any murderous motive.

As to the theory which the prosecution offered, I do not think that I should be convicted upon their suggestions or guesses. I cannot conceive, Your Honor, how any honest man would believe the testimony of Nicholas Heckman or convict any one upon an identification which was for sale.

Yellow journalism put a price upon my head Dr. Haubold It was an invitation to every blackmailer and persponded.

The handwriting experts have testified against me. They gave their reasons, but I know that these hands never put pen and ink to paper to address that poison package or to write any of the disputed letters, and Your Honor would not permit us to make mention of the great injustice, which is a matter of history, that experts have made mistakes before.

Your Honor, all this is as nothing to what is my heart at this moment.

Above and beyond everything else I denounce and despise the action of the Assistant District-Attorney in attempting to vilify and attack the character of the pure and lovely woman who bears me

IT WAS AN ACT OF A BLACKGUARD. IS A DAMNABLE LIE.

NOW, YOUR HONOR, I AM PREPA TO HEAR YOU SENTENCE ME. I AM NOT AFRAID BECAUSE
